## 3703 Mains Stop Valve For Above & Below Ground use

(including use in contaminated ground)

The first WRAS approved high performance non metallic mains stop valve - an alternative to the BS5433 type and universal DZR and gunmetal stop valves. BS8588 approved for use in contaminated ground.

**PLASSON** 

valves

**Key Features:** 

Above and below ground primary stop valve.

■ Full bore (ultra-low headloss).

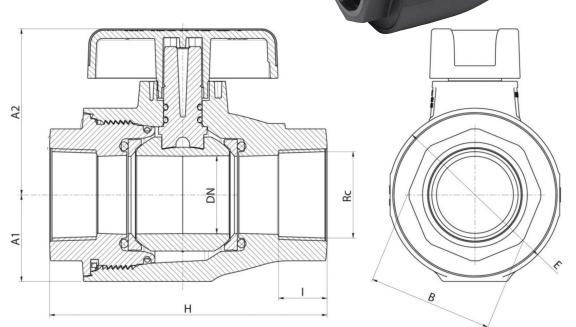

Quarter turn operation.

'O' ring sealed spindle for reliability.

Options for drain port (Above ground use).

■ Non metallic/corrosion resistant for long service life.

Lead free.

This manually operated cold water shut off valve is suitable for 20mm - 63mm water pipes. Use Plasson male adaptor (7020) to adapt threaded valve to PE pipe as required.
